

Dir. DF/FTLI

THE RECTOR

- Having regard to Ministerial Decree no. 270, dated 22 October 2004, entitled "Amendments to Regulation no. 509 containing rules governing the educational autonomy of Universities, passed by a Decree of the Ministry for Universities and Scientific and Technological Research on 3 November 1999";
- Having regard to article 4 of Law no. 210 dated 3 July 1998, as amended by art. 19, paragraph 1, of Law no. 240 dated 30 December 2010;
- Having regard to Ministerial Decree no. 226 dated 14 December 2021, entitled "Regulations concerning the accreditation methods of doctoral locations and programmes and the criteria for the institution of doctoral programmes by accredited bodies";
- Having regard to the University Regulation for PhD Programmes and Students, issued by Rector's Decree of 5 June 2015, as subsequently amended;
- Having regard to the resolutions adopted by the Academic Senate and the Board of Directors during their meetings of 15 and 29 April 2025, concerning the institution of the 41st doctoral cycle;
- Having regard to the public call for applications for admission to doctoral course in System Medicine at the University of Milan for the academic year 2025/2026, issued by Rector's Decree no. 3359/2025 on 29 July 2025, Article 1 states that "the number of scholarships may be increased, following the acquisition of external funding that might become available before the deadline of applications for admission to the competition";
- Having deemed appropriate to increase the number of places available for admission to doctoral programmes, as requested by the programme coordinator, since new scholarships have been acquired;
- Therefore, recognising the need and urgency to proceed with the signing of agreements for the financing of doctoral scholarships;

HEREBY DECREES AS FOLLOWS

- authorization to enter into agreements for the funding of the following doctoral fellowships:

Systems Medicine

6 scholarships funded by European School of Molecular Medicine (SEMM).

1 scholarship funded by ASST Grande Ospedale Metropolitano Niguarda for the research programme: "Using AI to build multi-omics clinical classifiers".

- the increase in the number of places and scholarships originally offered for admission to the PhD programme of national interest in Systems Medicine:

Places: from 39 to 47

Scholarships: from 39 to 47

6 scholarships funded by European School of Molecular Medicine (SEMM).
