Non-EU candidates residing abroad are also required to submit an online application for pre-enrolment through Universitaly, in order to obtain a student visa.

**The online application cannot be modified or supplemented with further documentation once it has been confirmed.**

## Art. 4 - Candidates with disabilities

In order to ensure equal treatment of candidates, those holding a certificate of disability (*invalidità civile*) and/or handicap pursuant to Law 104/1992 may apply for accommodations to the COSP Disability Services ([ausili.ammissioni@unimi.it](mailto:ausili.ammissioni@unimi.it)) attaching the certificate issued by the competent public health office. Candidates holding outdated certificates are required to apply for an updated certificate, to be submitted after enrolment for the purposes of using disability accommodations as offered by the University.

## Art. 5 - Candidates with SLD

In order to ensure equal treatment of candidates, those holding a Specific Learning Disorders (SLD) certificate issued by the National Health Service, a private affiliated centre, or a private specialist (with a compliance certificate from the competent health authority) pursuant to Law 170/2010, may apply for accommodations to the COSP SLD Services ([ausili.ammissioni@unimi.it](mailto:ausili.ammissioni@unimi.it)) attaching the certificate. If the SLD was diagnosed in childhood, and the certificate is over three years old, students should apply for an updated certificate, to be submitted after enrolment for the purposes of using SLD accommodations as offered by the University.

## Art. 6 - Admission exam

Admission to the doctoral programme is through a public selection procedure involving the evaluation of qualifications and tests for the comparative assessment of candidates. An Examining Committee set up and appointed in compliance with current regulations will carry out the procedure.

The selection procedure aims to ascertain the qualifications, capacity and aptitudes of candidates for scientific research and their personal motivations. It is based on the assessment of the **CV** and a **research project**, which may be inspired by the work of the second cycle degree thesis, as well as on an **online interview**. The research project, which must be drafted using a standard template (Form 1 attached hereto), is only for selection purposes and does not limit the choice of the doctoral thesis in case of admission.

The candidate's CV and research project are assessed before the interview. The outcome of the assessment is available on the [University portal](#) on the programme webpage.

The CV is evaluated on the basis of the candidate's university studies, publications, professional experience and other qualifications, if any. A maximum of 20 points can be assigned to the CV. In assigning the points the Committee considers the statistical distribution of exam grades for the study programme courses, as well as the conditions and the period over which the applicant has obtained his/her qualifications.

A maximum of 10 points can be assigned to the research project.

**Candidates who obtain a score of at least 50% of the maximum points obtainable for the CV and the research project, considered separately, can be called for interview.**

The interview is public; the date will be posted on the University portal in the days following the assessment of qualifications. The aim is to verify the candidate's knowledge of topics germane to the educational and scientific contents of the doctoral programme. The interview includes a seminar-style presentation of the research project, followed by a general discussion to verify the candidate's expertise, scientific qualities and motivations. A maximum of 70 points may be assigned to the interview.

The interview can be in Italian or English, at the candidate's choice. Anyway, candidates can state their preference to be interviewed in English.

To sit for the tests, candidates must present one of the following identity documents:

- a) Identity card;
- b) Passport;
- c) (Italian) driving licence.

The outcome of the interview process will be communicated by the Committee at the end of the interviews.

At the end of the tests, the Committee draws up a general ranking list according to the total score assigned to the candidates for their CV, research project and interview.

Candidates must obtain a minimum score of 70/100 to pass the admission exam.

The ranking is published online on the [Postgraduate admission rankings page](#) in the days following the examinations.

The Committee must conclude its work by **16 September 2023**.

## **Art. 7 - Admission to the doctoral programme**

Applicants are admitted to the programme according to their position in the ranking list until the number of places available has been filled. Where applicants achieve the same score, preference will be given to the younger applicant, with the exception of the right of priority criterion for

doctoral scholarships set forth in art. 9 of this call for applications. The rankings of eligible applicants will be published in the days following the interviews on the University website, at the [Postgraduate admission rankings page](#).

**Such ranking posted on the University website constitutes notification to the interested parties, who will not receive any written notice.**

Applicants admitted to the programme lose their entitlement if they fail to enrol by the deadline. Their place is then given to the next applicant in the ranking list. This also applies if an admitted applicant withdraws from the programme during the first three months. If the withdrawing student has already received any monthly scholarship payments, he/she is required to return them. Takeover applicants will be contacted personally by email by the Doctoral Students Administration Office (*Segreteria Dottorati*), which will provide instructions and deadlines for enrolment.

Simultaneous enrolment in two academic programmes is allowed within the limitations provided for by current regulations, and subject to the assessment and prior approval by the competent bodies.

## Art. 8 - Enrolment

Applicants admitted to the doctoral programme can enrol online from **25 September to 2 pm on 29 September** using the [Sifa Enrolment services](#) and following the instructions published on the [University website](#).

Candidates are admitted conditionally and may be excluded from the programme if they are found not to meet the requirements.

**Candidates holding a foreign qualification** are required to upload the following documents when completing the online enrolment process:

- Original diploma (Master of Science or equivalent) with a translation into Italian, French, English, German or Spanish;
- Declaration of Value (*Dichiarazione di Valore*) issued by the Italian Embassy, or Diploma Supplement, or statement of comparability issued by CIMEA, or other declaration of validity issued by ENIC\_NARIC centres;
- Italian tax ID;
- Valid residence permit (only for non-EU citizens).

For the enrolment to be finalised, the following documents must be uploaded on the [Enrolment documents integration service](#) **by 28 November 2023**:

- University pre-enrolment application receipt;
- Student visa (only for non-EU citizens residing abroad).

The validity of foreign qualifications is verified upon submission of the official documents. Until then, candidates are admitted to the programme conditionally, and may be excluded from the ranking if they are found not to meet the requirements.

## Art. 9 - Scholarships

Scholarships are awarded in accordance with existing regulations, based on the student's ranking.

The **gross amount** of the scholarship is **€16,350.00 per year**.

The scholarship is not subject to IRPEF (personal income tax) in accordance with art. 4 of Law no. 476 of 13 August 1984, and is subject to the social security provisions set forth in art. 2, paragraphs 26 et seq., of Law no. 335 of 8 August 1995, as subsequently amended.

Working students falling into the categories appearing in art. 22 of the University Regulation for PhD Programmes and Students will be eligible to apply, provided their working income does not exceed the scholarship amount. Income under the limitation is defined as gross earnings during the year to which the scholarship is principally allocated.

In the event of candidates ranked equally, scholarships are awarded by assessing the candidates' economic situation according to the ISEE (Equivalent Economic Situation Indicator).

The regional tax for the Education Incentive Programme, the stamp duty and the insurance premium will be automatically deducted from the scholarship amount.

Scholarships have a yearly duration and are renewed if the Faculty of Instructors promotes the doctoral student to the following year, after ascertaining that he/she has correctly and successfully completed the programme of activities in the previous year.

Starting from the first year, in addition to the scholarship and depending on the University's financial resources, each doctoral student is given a budget for research activity in Italy and abroad suited for the type of programme, and in any case amounting to no less than 20% of the amount of the scholarship itself.
