Dir. DF/FTLI

PUBLIC COMPETITION FOR ADMISSION TO DOCTORAL RESEARCH PROGRAMMES AT THE UNIVERSITY OF MILAN – a. y. 2025/2026

THE RECTOR

- Having regard to Ministerial Decree no. 270, dated 22 October 2004, entitled "Amendments to Regulation no. 509 containing rules governing the educational autonomy of Universities, passed by a Decree of the Ministry for Universities and Scientific and Technological Research on 3 November 1999";
- Having regard to article 4 of Law no. 210 dated 3 July 1998, as amended by art. 19, paragraph 1, of Law no. 240 dated 30 December 2010;
- Having regard to Regional Law no. 33, dated 13 December 2004, entitled "Rules governing regional measures to ensure the right to study at university", which makes provisions for services in favour of students enrolled in doctoral programmes;
- Having regard to Ministerial Decree no. 226 dated 14 December 2021, entitled "Regulations concerning the accreditation methods of doctoral locations and programmes and the criteria for the institution of doctoral programmes by accredited bodies";
- Having regard to Law no. 33 dated 12 April 2022, entitled "Provisions on simultaneous enrolment in two higher education programmes", and in particular art. 4, paragraph 1;
- Having regard to art. 1 of Ministerial Decree no. 930 dated 29 July 2022, which states that "starting from the academic year 2022/2023, Universities shall include in their academic regulations general provisions to facilitate the simultaneous enrolment of students";
- Having regard to the Statute of the University of Milan, issued by Rector's Decree of 15 March 2012, as subsequently amended;
- Having regard to the University Regulation for PhD Programmes and Students, issued by Rector's Decree of 5 June 2015, as subsequently amended;
- Having regard to Ministerial Decree no. 917 of 15 October 2019, whereby the Ministry of Education, University and Research (MIUR), pursuant to Ministerial Decree 45/2013, granted five-year accreditation to the doctoral research programmes proposed by the University of Milan, subject to ongoing compliance with the prescribed requirements;
- Having regard to Directorial Decrees (DD) no. 1171 of 30 August 2023 and no. 1257 of 9 August 2024, whereby the Ministry of University and Research (MUR) confirmed accreditation for the doctoral programmes pursuant to Ministerial Decree 226/2021;
- Considering that the University intends to institute a new cycle of doctoral programmes for the academic year 2025/2026;

- Having regard to the note no. 8936 of 29 April 2025 of the Ministry of University and Research;
- Having regard to the resolutions adopted by the Academic Senate and the Board of Directors during their meetings of 15 and 29 April 2025, concerning the institution of the 41st doctoral cycle;
- Having regard to the public competition for admission to the 41st-cycle doctoral research programmes of the University of Milan, launched by Rector's Decree no. 2331/25 of 15 May 2025;
- Having regard to Rector's Decree no. 2741/2025 of 12 June 2025, announcing an increase in the number of places and scholarships available for admission to the PhD programmes of the University of Milan

HEREBY DECREES AS FOLLOWS:

Art. 1 – Institution of doctoral research programmes

Subject to accreditation by MUR and checks to verify ongoing compliance with accreditation requirements, the following doctoral research programmes are instituted at the University of Milan for the academic year 2025/2026 (41st cycle, beginning on 1 January 2026):

- Filosofia e scienze umane – Philosophy and Human Sciences
- Scienze ambientali – Environmental Sciences

Therefore, public competitions for admission to the above-mentioned doctoral research programmes, based on qualifications and exams, are hereby announced by the University of Milan. The programme specifications annexed to this decree, which are an integral part of this document, contain a brief description of said PhD programmes, plus information about the respective admission requirements, admission exam dates and proposed research projects.

The number of scholarships may be increased, should external funding become available before the application deadline.

International applicants who are in receipt of scholarships issued by their country of origin may be admitted in excess of the enrolment quota, if they pass the admission exams set out in this decree.

Art. 2 - Admission requirements

Applicants in possession of a second-cycle degree (*Laurea magistrale*), an equivalent qualification or a qualification equivalent to the level of studies (Master's Degree) awarded by a foreign university, may apply for admission to the doctoral research programmes stated in the preceding article.

The suitability of foreign academic qualifications in terms of content is evaluated by the Admission Committee of each doctoral programme, in compliance with the regulations in force in Italy and in the country in which the academic qualification was issued, and with the international treaties or agreements on the recognition of qualifications for the continuation of studies.
Applicants who have not yet obtained their second-cycle degree (*Laurea magistrale*) may also apply, but they are required to earn the second-cycle degree by the programme starting date (1 January 2026), otherwise they will be excluded from the programme.

Art. 3 - Application for admission

Applications for admission must be submitted by **14:00 on 14 November 2025**, following the procedure described below:

1. Register on the University portal (this step is not required for those already registered on the portal or in possession of UNIMI login credentials or a SPID identity);
2. Log in and submit an application for admission to the Doctoral programme admission services;
3. At the end of the online application process, and in any case by the deadline for admission, pay a non-refundable €50.00 application fee. If you have any problems

with the payment, please contact us via InformaStudenti > Postgraduate > Doctoral research (PhD) by the application deadline;

4. Upload the following documents as .pdf, .rtf or .jpg files, all under 10 MB:

   A. Diploma Supplement **or** Bachelor's and Master's diplomas (or equivalent qualifications obtained in Italy or abroad), with transcript of records. Applicants who have yet to obtain their second-cycle degree are required to submit a certificate of enrolment in lieu of the diploma. All documents must be in Italian, English, French, German or Spanish.

   Self-certifications are accepted as and where provided for by the laws in force.

   Applicants who have completed or are about to complete their studies at the University of Milan do not need to upload any certificates/diplomas attesting to such studies, as these documents will be acquired internally;

   B. CV, describing any professional experience and other qualifications held by the applicant;

   C. research project (using Form 1 attached hereto);

   D. copy of passport (international applicants only);

   E. publications in Italian or English (if any);

   F. Annex A;

   G. online interview request (if desired; please use Form 3 attached).

Failure to provide even just one of the documents from A to C above will result in the applicant being excluded from the competition.

In addition to the above documents, if so provided for in the programme specification, applicants must provide one or more reference letters from qualified persons who have had a role in their education. Reference letters must be drafted using Form 2 attached hereto and emailed directly by said persons, in .pdf format, to the email address indicated in the programme specification, **by the application deadline (14 November 2025**). In any case, applicants may include reference letters drafted as indicated above in their online application for admission. Reference letters are considered when assessing the applicant's curriculum and no extra point is awarded for them.

The online application cannot be modified or supplemented with further documentation once it has been confirmed.

It is possible to apply for any number of doctoral programmes, provided that the applicant registers properly for each programme, as described above, including payment of the non-refundable fee of €50.00 for each application submitted.

Art. 4 - Applicants with disabilities

In order to ensure equal treatment of applicants, those holding a certificate of disability (*invalidità civile*) and/or handicap pursuant to Law 104/1992 may apply for accommodations by writing to COSP Disability Services (ausili.ammissioni@unimi.it) at least 15 days before the interview, and attaching the certificate issued by the competent public health office. Applicants holding outdated

certificates are required to apply for an updated certificate, to be submitted after enrolment for the purposes of using disability accommodations as offered by the University.

Art. 5 - Applicants with SLD

In order to ensure equal treatment of applicants, those holding a Specific Learning Disorders (SLD) certificate issued by the National Health Service, a private affiliated centre, or a private specialist (with a compliance certificate from the competent health authority) pursuant to Law 170/2010, are required to email their certificate to COSP SLD Services (ausili.ammissioni@unimi.it) at least 15 days before the interview. If the SLD was diagnosed in childhood, and the certificate is over three years old, students should apply for an updated certificate, to be submitted after enrolment for the purposes of using SLD accommodations as offered by the University.

Art. 6 – Admission exam

Admission to the doctoral programmes is through a public selection procedure involving the evaluation of qualifications and tests for the comparative assessment of applicants. Applications are vetted by Admission Committees appointed in compliance with current regulations.

Selection stages:

- assessment of the CV (max. 20 points) and research project (max. 10 points);
- interview (max. 70 points).

Only applicants who obtain at least 10 points for the CV and at least 5 points for the research project are called for the interview.

The selection process aims to ascertain the applicants' prior knowledge, skills, aptitude for scientific research and personal motivations. Applicants are selected based on an **assessment of their CV** and a **research project**, which may or may not be inspired by the work of the second-cycle degree thesis, as well as on an **interview held either in person or online**, as stated in the programme specification.

The research project, which must be drafted using Form 1 attached hereto, is only for selection purposes and does not limit the choice of the doctoral thesis in the case of admission.

The applicant's CV and research project are assessed before the interview. Applicants will be able to see the result of this assessment on the University website, on the programme webpage.

When assessing the CV, the Committee takes into account the applicant's university studies, publications, professional experience and other qualifications, if any.
In assigning points for the CV, the Committee considers the statistical distribution of exam grades for the study programme courses, as well as the conditions and the period over which the applicant has obtained his/her qualifications.

The interview is public; interview dates will be posted on the University website following the assessment of qualifications. The aim of the interview is to verify the applicant's knowledge of topics germane to the educational and scientific contents of the doctoral programme. The interview includes a seminar-style presentation of the proposed research project, followed by a general discussion to verify the applicant's expertise, scientific qualities and motivations.

The interview is conducted in the language indicated in the programme specification; in any case, applicants may ask to be interviewed in English.

To take the interview, applicants must present one of the following identity documents:

- identity card;
- passport;
- (Italian) driving licence.

The outcome of the interview process will be communicated by the Committee at the end of all interviews.

At the end of the interviews, the Committee will draw up a general ranking list according to the total score assigned to each applicant for their CV, research project and interview.

The minimum pass score is 70/100.

The ranking will be published on the Postgraduate admission rankings page **in the days following the interviews.**

The Committee must conclude its work by **3 December 2025**.

Art. 7 - Admission to the doctoral programmes

Applicants are admitted to the programmes according to their position in the ranking list, until all places available for each doctoral programme are filled. Where applicants achieve the same score, preference will be given to the younger applicant, with the exception of the priority criterion for doctoral scholarships set forth in art. 10 of this call for applications. The ranking of eligible applicants will be published in the days following the interviews on the University website at the Postgraduate admission rankings page.

Such ranking posted on the University website constitutes notification to the interested parties, who will not receive any written notice.

Admitted applicants who do not enrol by the deadline lose their right to enrol in the programme. In that case, their place will be given to the next applicant in the ranking list. This also applies if an admitted applicant withdraws from the programme during the first three months. If the withdrawing student has already received any monthly scholarship payments, he/she will be required to return them. Applicants admitted as a result of other applicants' withdrawal or failure to enrol will be contacted personally by email by the Student Office for PhD Programmes (*Segreteria Dottorati*), which will provide instructions and deadlines for enrolment.

Applicants who rank high enough for admission into multiple doctoral programmes may only matriculate into one.

Simultaneous enrolment in two academic programmes is allowed within the limitations provided for by current regulations, and must be assessed and approved by the competent bodies.

More specifically, simultaneous enrolment in a doctoral programme and a postgraduate medical school is subject to the provisions of Ministerial Decree no. 226 of 14 December 2021.

For information on how to apply for simultaneous enrolment in two study programmes, please visit

the following link: Simultaneous enrolment in two higher education programmes | University of Milan (unimi.it).

Art. 8 - Enrolment

Admitted applicants must enrol online **between 9 December 2025 and 14.00 on 12 December 2025**, by using the SIFA enrolment services and following the instructions published on the University website.

Such notice constitutes notification to the interested parties.

Those who have yet to obtain their Master's degree must notify this to the University by writing to InformaStudenti > Postgraduate> Doctoral research (PhD).

Applicants are admitted conditionally and may be excluded from the programme if they are found not to meet the requirements.

Those enrolled in doctoral programmes must pay the annual regional tax for the Education Incentive Programme in the amount of €140.00, plus a €16.00 stamp duty and a €15.50 insurance premium.

Students with a disability at or above 66% and/or a recognised handicap pursuant to Law no. 104/92 will have the regional tax and insurance premium waived, provided that they submit an application for exemption; these students are only required to pay the €16.00 stamp duty.
Enrolment fees are non-refundable, even if a student withdraws from the doctoral programme.

Art. 9 - Enrolment of international applicants

International applicants are required to follow the same enrolment procedure as Italian applicants, but must also provide additional documents so that the University can check the suitability of their qualification, as well as the legitimacy of their stay in Italy.

Applicants with foreign qualifications

Applicants with a foreign qualification must upload the following documents when enrolling online:

1. **original degree certificate** with an official translation into Italian (if the original document is not written in English, French, Spanish or German), along with a Statement of Comparability and a Statement of Verification issued by CIMEA (i.e. the Italian ENIC-NARIC centre) or other ENIC-NARIC centres

   OR

2. **original degree certificate legalised** by the competent authorities of the issuing country, with an official translation into Italian (if the original document is not written in English, French, Spanish or German), plus **one** of the following documents:

- Declaration of Value (*dichiarazione di valore in loco*) issued by the Italian Embassy in the country where the qualification was obtained
- CIMEA Statement of Comparability (the list of required documents is available here) or another statement issued by other ENIC-NARIC centres and containing all information needed to assess the foreign qualification

- Statement of Correspondence downloaded from ARDI (Automatic Recognition Database Italia), if the qualification was obtained in one of the signatory countries of the Lisbon Convention
- Diploma Supplement drafted using the European Commission's template and **legalised** by the competent authorities of the country where the qualification was obtained.

Applicants with non-Italian citizenship

Applicants with non-Italian citizenship must also attach the following:

- Italian tax ID (*codice fiscale*);
- valid residence permit or application receipt of residence permit for study reasons (only for non-EU citizens);
- student visa for the a. y. 2025/2026 (only for non-EU citizens residing abroad).

Non-EU citizens residing abroad (with the exception of students from Norway, Iceland, Liechtenstein, Switzerland, Republic of San Marino and Vatican City) are required to submit an application for pre-enrolment on Universitaly in order to obtain their student visa.
In the case of admission, and after the pre-enrolment application has been confirmed, applicants will be able to see the application receipt (Summary) on Universitaly. This receipt is necessary to request a student visa.

Applicants who are not in possession of one or more of the above-mentioned documents when enrolling online must produce the missing documents **by 31 January 2026**, via the Enrolment documents integration service.

The suitability of academic qualifications earned abroad is evaluated by the University in compliance with applicable laws and regulations.

The validity of foreign qualifications is verified upon submission of the official documents. Until then, applicants are admitted to the programme conditionally, and may be rejected if they are found not to meet the requirements. The University reserves the right to ask applicants to produce other documents in addition to those already submitted, in order to check their authenticity and suitability.

Art. 10 - Scholarships

Scholarships are awarded in accordance with and by the methods established by the laws in force, based on the student's ranking. The gross amount of the scholarship is **€16,350.00** per year.

The scholarship is not subject to IRPEF (personal income tax) in accordance with art. 4 of Law no. 476 of 13 August 1984, and is subject to the social security provisions set forth in art. 2, paragraphs 26 et seq., of Law no. 335 of 8 August 1995, as subsequently amended.

Working students falling into the categories appearing in art. 26 of the University Regulation for PhD Programmes and Students will be eligible to apply, provided their working income does not exceed the scholarship amount. Income under the limitation is defined as gross earnings during the year to which the scholarship is principally allocated.

In the event of applicants ranked equally, scholarships are awarded by assessing the applicant's economic situation according to the ISEE (Equivalent Economic Situation Indicator).

Scholarships have a yearly duration and are renewed if the Faculty of Instructors promotes the student to the following year, after ascertaining that he/she has correctly and successfully completed the programme of activities in the previous year.

Starting from the first year, in addition to the scholarship and depending on the University's financial resources, each doctoral student is given a budget for research activity in Italy and abroad suited for the type of programme, and in any case amounting to no less than 10% of the amount of the scholarship itself.

Art. 11 - Civil servants

Pursuant to art. 12, paragraph 5, of Ministerial Decree 226/21, civil servants admitted to a doctoral programme may be granted a leave as contemplated by the applicable collective agreement, or, for those employed under public law, an extraordinary leave for study purposes, for the standard duration of the programme — provided that such leave does not conflict with the needs of the employing administration, as per art. 2 of Law no. 476 dated 13 August 1984 — but only if this is the first time that they enrol in a doctoral programme, independently of the programme subject area; the leave may be paid or unpaid, subject to the civil servant's right to explicitly forego the scholarship.

This does not affect their right to receive a budget for research activities in Italy and abroad, as per art. 9, paragraph 4, of Ministerial Decree 226/21.

Art. 12 - Obligations of doctoral students

The rights and obligations of doctoral students are regulated by **articles 26 and 27 of the** University Regulation for PhD Programmes and Students. Please bear in mind the following:

- Doctoral research programmes entail 1,500 hours of **training-education and research activities** per year. A full-time commitment is required of each student for the whole duration of the programme.
- In order to obtain their PhD, doctoral students **are required to demonstrate English proficiency at level B2 of the Common European Framework of Reference for Languages (CEFR)**.

To meet the language proficiency requirement, doctoral students must submit an English certificate from one of the certifying bodies recognised by the University (https://www.unimi.it/en/study/language-proficiency/placement-tests-and-english-courses/accepted-language-certificates), at B2 level or above, **by the end of the first programme year**.

An exemption from submission of a language certificate is granted only to:

- those who, by the starting date of the PhD programme, have earned a Master's degree featuring an English-language specialisation in one of the following Master's degree classes: LM-37 Modern American and European languages and literature, LM-38 Modern languages for communication and international cooperation, LM-39 Linguistics, LM-94 Interpreting and specialised translating, or equivalent Master's degree;
- those who, by the starting date of the PhD programme, have earned a Master's degree

in a programme taught entirely in English;

- those who, during their prior study programme, have earned a B2 English language statement issued by SLAM – University of Milan Language Centre.

No other exemptions will be granted.

Art. 13 - Award of the degree

The degree of Doctor of Philosophy, abbreviated to "Dott. Ric." or "Ph.D.", is awarded in accordance with the provisions of art. 27 of the University Regulation for PhD Programmes and Students.

Art. 14 - Processing of personal data

Pursuant to Legislative Decree no. 196 of 30 June 2003, as amended by Legislative Decree no. 101 of 10 August 2018, as well as Regulation (EU) 2016/679 (General Data Protection Regulation, GDPR), the University undertakes to respect the confidential nature of the information provided by applicants. All data provided will be processed solely for purposes related and instrumental to the competition and to manage the applicant's relationship with the University, where necessary, in compliance with current laws.

Art. 15 - Applicable laws and regulations

Any items for which no specific provision has been made in this call for applications shall be regulated in accordance with the Italian laws and regulations governing doctoral programmes.

Art. 16 – Person in charge of the procedure and contact details

Pursuant to Law no. 241 of 7 August 1990, the person in charge of the procedure set forth in this call for applications is Ms Monica Delù (Head of the Post-Graduate Programmes and International Students Services Sector).

For further information or clarifications please use the InformaStudenti **service, selecting the category: Postgraduate > Doctoral research (PhD)**.

Milan, 14 October 2025

THE RECTOR

(Signed Prof. Marina Brambilla)

Filed as record no. 4424/2025 of 14 October 2025

Doctoral programme in Philosophy and Human Sciences

Learning objectives

The doctoral programme in Philosophy and Human Sciences is a brand new higher education programme which integrates the skills required for theoretical and experimental research in disciplines such as anthropology, geography, linguistics, theory and history of political institutions, art theory and criticism with the knowledge acquired through philosophical inquiry across the full spectrum of its history and theory. The programme avails itself of the multi-disciplinary acumen of the Faculty, and aims to provide a high level of training in discrete areas of fundamental and applied research, encouraging research that moves into innovative and ground-breaking areas, and which requires the mastery of theories, methods, and techniques from a variety of fields. In particular, the programme aims to provide students with a solid philosophical and scientific grounding in one of the following research areas: (i) History of philosophical and scientific thought; (ii) Ethics and political thought (iii) Image theory and phenomenology of experience (iv) Theory of languages (v) Anthropology and territory.

Duration

3 years

Starting date

1 January 2026

Places available

1

Scholarships

1 scholarship funded by the Department of Philosophy "Piero Martinetti" using ERC funds, for the research project: "Ethics and Moral Life in the 18th Century: A New Take on Early Modern Ethics" (CUP G43C24001890006). Lead instructor: Prof. Bacin

Doctoral programme coordinator

Prof. Stefano Allovio, full professor in the scientific-disciplinary sector SDEA-01/A (stefano.allovio@unimi.it)

Admission requirements

Master's degree of any class

Reference letters

The Faculty of Instructors requires that 1 reference letter, drawn up according to Form 2 attached hereto, be sent to the email address stefano.bacin@unimi.it

Selection stages — Doctoral programme in Philosophy and Human Sciences

Submission of applications	By 14:00 on 14 November 2025

Qualification assessment date	Qualifications will be assessed on **24 November 2025**. The assessment outcome will be posted on the University website, on the programme webpage, before the start date of the interviews.
Interviews	**Interviews will be held online on 2 December 2025 at 9:00.** The interview schedule — specifying the date and time of the interview for each applicant, as well as the title of his/her research project — will be posted on the University website, on the programme webpage. The interview can be in Italian or English, at the applicant's choice. English proficiency will be assessed anyway. For international applicants, elementary proficiency in Italian will be assessed as well. The above-mentioned posting constitutes notification to the interested parties.

Doctoral programme in Environmental Sciences

Learning objectives

The doctoral programme provides solid grounding and research training in the field of Environmental Sciences, promoting interaction with Italian and foreign research groups as well as with institutions that study and manage the environment and health, and facilitating the internationalisation process.
As a highly interdisciplinary programme, it aims to provide students with:

- an understanding of the methodological, instrumental, analytical, and statistical approaches to study the environment;
- the ability to draw together interdisciplinary knowledge concerning the various components of environmental systems.

The programme ensures high standards of learning in the integrated study of complex environmental systems regarding:

- current and past biological and non-biological components;

- functional relations between biotic and abiotic components and their mediating mechanisms;

- changes in the times of ecological, evolutionary and geomorphological processes.
The programme focuses on the following aspects:

- biodiversity, at all levels of organisation of living organisms;

- relations between biotic components, and between them and the abiotic environment, including in anthropogenic components;

- human-environment interactions, also in a diachronic perspective, both in terms of the impact of anthropic activities on environmental systems, and of the impact of the environment on risks for humans and human activities.
Another objective is to develop innovative methods for teaching environmental sciences.

The doctoral programme is entirely in English.
