<b>Years of course currently available:</b>	2nd
<b>Access procedures:</b>	Open, subject to entry requirements
<b>Course code:</b>	B64

### PERSONS/ROLES

#### Head of Interdepartmental Study Programme

Prof. Stefano Neri

#### Tutors - Faculty

Prof. Gabriele Bottino

Prof. Anna Mori

#### Tutors - Students

Luca Azzarà (luca.azzara@studenti.unimi.it)

Ester Bonomi (ester.bonomi@studenti.unimi.it);

#### Degree Course website

<https://app.cdl.unimi.it>

Email: gabriele.bottino@unimi.it

### CHARACTERISTICS OF DEGREE PROGRAMME

#### General and specific learning objectives

The master's degree trains managers with:

- a realistic knowledge of the operating logic, or malfunctioning, of public administration
- the ability to manage human, financial, technological resources, and regulatory constraints, in complex organization
- full mastery of methods for designing, implementing and evaluating public policies
- knowledge of the standards, used in international comparisons

#### Expected learning outcomes

The expected results for graduates of the master's degree are:

- technical preparation, to increase the accountability of public administrations
- the ability to organize information, in an easily accessible way to citizens and their associations
- the skills to promote collaboration between different administrations, in a perspective of multilevel governance
- the understanding of the organizational requirements to develop e-government
- the ability to reflect, even from an ethics perspective, on the responsibilities related to the use of public resources.

#### Professional profile and employment opportunities

Administration and Public Policy is designed to train managers capable of assuming high responsibilities and coordinating projects of significant complexity

- in all areas of public administration
- in service companies
- in non-profit organizations
- in public control and auditing authorities
- in consulting companies

#### Initial knowledge required

Admission to the degree programme requires applicants to have at least one of these criteria:

1. degree in one of the following classes
2. skills and knowledge acquired in specific scientific-disciplinary sectors
3. overcoming a merit threshold established every year by the Master Committee

The use of the English language is allowed, both in class and for exam textbooks.

The choice of alternative courses will be limited to those actually taught.

### ***EXPERIENCE OF STUDY ABROAD AS PART OF THE TRAINING PROGRAM***

The University of Milan supports international mobility by providing its students with the opportunity to spend study and internship periods abroad. It is a unique chance to enrich your educational path in a new exciting environment.

The agreements entered into by the University with over 300 universities from the 27 EU member countries under the European Erasmus+ programme allow regularly enrolled students to carry out part of their studies at one of the partner universities or to undertake internships at companies, training and research centres and other organizations.

Similar international mobility opportunities are provided outside Europe, through agreements with a number of prestigious institutions.

#### **Study and internships abroad**

The degree program participates in Erasmus and Erasmus Placement programs, with a particular focus on french and spanish University.

The student can achieve exams and a part of his/her dissertation.

#### **How to participate in Erasmus mobility programs**

The students of the University of Milan can participate in mobility programmes, through a public selection procedure.

Ad hoc commissions will evaluate:

- Academic career
- the candidate's proposed study programme abroad

- his/her foreign language proficiency
- the reasons behind his/her application

Call for applications and informative meetings

The public selection for Erasmus+ mobility for study generally begins around February each year with the publication of a call for applications specifying destinations and requirements. Regarding the Erasmus+ Mobility for Traineeship, the University of Milan usually publishes two calls a year enabling students to choose a destination defined by an inter-institutional agreement or to find a traineeship position on their own.

The University organizes informative meetings to illustrate mobility opportunities and rules for participation.

Erasmus+ scholarship

The European Union grants the winners of the Erasmus+ programme selection a scholarship to contribute to their mobility costs, which may be supplemented by the University funding for disadvantaged students.

Language courses

Students who pass the selections for mobility programmes can benefit from intensive foreign language courses offered each year by SLAM - University of Milan Language Centre.
