

# UNIVERSITA' DEGLI STUDI DI MILANO PROGRAMME DESCRIPTION - ACADEMIC YEAR 2023/24 BACHELOR

# History (Classe L-42) Enrolled from 2021/2022 academic year

HEADING	
Degree classification - Denomination	L-42 History
and code:	
Degree title:	Dottore
Length of course:	3 years
Total number of credits required to	180
complete programme:	
Years of course currently available:	1st, 2nd, 3rd
Access procedures:	Open, subject to completion of self-assessment test prior to enrolment
Course code:	C25

### PERSONS/ROLES

## **Head of Study Programme**

Prof.ssa Miriam Angela Giovanna Franchella

### **Tutors - Faculty**

Proff. Lucia Cecchet, Maria Dell'Isola, Maddalena Moglia, Francesco Mores (Commissione orientamento e piani di studio)

Prof.sse Beatrice Del Bo, Blythe Alice Raviola (Trasferimenti e riconoscimenti crediti)

Prof. Fabio Venuda (Stage e tirocini)

Prof.ssa Michela Minesso (Erasmus)

Prof.ssa Silvia Bussi (Erasmus Traineeship)

### **Tutors - Students**

Marco Poloni (tutor per orientamento e piani di studio) - marco.poloni1@studenti.unimi.it

Ricevimento su appuntamento: lunedì (12.30-14.30) e venerdì (11.00-12.00) su Microsoft Teams o in presenza

Via Festa del Perdono 7, 20122 Milano (settore A, stanza A3)

### **Degree Course website**

# CHARACTERISTICS OF DEGREE PROGRAMME

### General and specific learning objectives

The objective of the three year B.A. history programme is to provide graduates with a general and primary but solid historical background enabling them to develop a sense of the historical depth underlying phenomena, processes and structures. This educational process is founded on a fundamental knowledge of historiographical trends and languages in the various eras, acquired by means of a mastery of the tools required for documentary exegesis and the use of new IT technologies. Student learning will be supported by an overall knowledge of human history, not only European history,

together with the inter-disciplinary knowledge required for the elaboration of a global vision of the historic context of past and contemporary events.

### **Expected learning outcomes**

At the end of the programme graduates will:

- have acquired a general outline of the geographic, economic and cultural contents of the methodological tools and vocabulary required for an understanding of the complexities of past societies;
- have an appropriate knowledge of the structures specific to a given historical period (medieval, modern or contemporary);
- have acquired cross-disciplinary knowledge in the social and/or anthropological, philosophical, geographical and art history fields;
- have acquired a mastery of the documentary and bibliographical patrimony, including modern functional research tools;
- be able to summarise and communicate information drawn from sources, fitting them into the historical-cultural context which generated them;
- be able to read and interpret historical sources and documents, distinguishing true and false forms and fitting these latter into the cultural context which generated them;
- have acquired full knowledge of specifically historical enquiry methods, both traditional and innovative;
- possess critical skills enabling them to interpret structural characteristics and historical changes and understand a specific geo-political, anthropological and cultural context;
- understand and be able to assess sources and methods of historical knowledge transmission, from written sources to the web:
- be able to critically use the main tools, including IT, for source research and analysis;
- be able to use base historical-cultural patrimony cataloguing, description, promotion, dissemination and conservation tools;
- be able to apply a knowledge of the various types of sources in the historical reconstruction of civilisations and social, political and economic contexts and interpret them in in-depth and effective ways;
- have acquired language (via language education courses enabling them to achieve B1 skills in English) and fundamental professional skills (IT, web, publishing, etc.) at workshops during which themes and methods acquired during courses are studied in further depth;
- acquire skills in a specific area of interest chosen by students, involving a final dissertation.

### Professional profile and employment opportunities

The purpose of this undergraduate programme is to provide students with the knowledge and skills required to work in:

- activities undertaken in libraries, archives, museums and, more generally, in the context of cultural activities present in the world of work for which history studies are required or recommended;
- in publishing, both in the editorial sector and in sectors linked to new communication technologies;
- in journalism relating to text production and cultural initiatives;
- in the art tourism sector where historical tools are required;
- in public relations and staff training;
- in public and private research centres working in the humanities, sociology and anthropology fields as well as in the overseas cultural promotion field and the various Italian and overseas cultural industry spheres.

In addition this B.A. programme provides graduates with the chance to embark on the secondary school teaching access process, guaranteeing them the background required for admission to M.A. programmes on completion of which students can enrol on secondary school teaching courses.

### Initial knowledge required

# QUALIFICATIONS AND KNOWLEDGE REQUIRED FOR ADMISSION

- Upper secondary-school diploma or equivalent qualification obtained abroad
- Adequate basic knowledge of the humanities, including both a general understanding of the history of humanity at a level that allows students to successfully follow the lessons, and logical and written comprehension skills.

#### SKILLS ASSESSMENT:

- Compulsory, non-selective, self-assessment test before enrolment (TOLC-SU - Cisia On Line Test for the Humanities)

The test aims to provide guidance to prospective students, and help them make a more informed and reasoned choice of their degree programme, with a view to a successful academic career.

For more information on TOLC-SU, please refer to the University website, Cisia TOLC Test section: https://www.unimi.it/it/studiare/frequentare-un-corso-di-laurea/iscriversi/iscriversi-una-prima-laurea/test-tolc-cisia

- -Test topics: the test focuses on written comprehension, Italian language proficiency, educational background and logical reasoning. To learn more on the test structure and syllabus, including practice samples, visit the Cisia website: https://www.cisiaonline.it/area-tematica-tolc-studi-umanistici/home-tolc-su/
- Read the call for applications at: https://www.unimi.it/it/corsi/corsi-di-laurea/storia

## ADDITIONAL LEARNING REQUIREMENTS (OFA) AND REMEDIAL ACTIVITIES

Students who, on the self-assessment test (TOLC-SU - Cisia On Line Test for the Humanities), fell short of the thresholds set out in the call for applications will have to finish a set of additional learning requirements (OFA).

The OFA must be satisfied within the first year of the programme. In order to meet their OFA, students will attend tutoring

activities organized by the University.

Further details will be made available in the call for applications at: https://www.unimi.it/it/studiare/frequentare-un-corso-di-laurea/iscriversi/iscriversi-una-prima-laurea

#### Compulsory attendance

Attendance is strongly recommended, though not mandatory.

### Internship criteria

Students have the option of undertaking an internship as an alternative to the 3-CFU laboratory on how to write a thesis. Contact internship academic tutors for more information.

### Degree programme final exams

After earning the required academic 171 credits, in compliance with these regulations, the student may sit the final exam (9 credits) and obtain their degree.

The final exam consists in writing, presenting and defending a written paper on a subject covered by the student's programme, to be agreed with the thesis supervisor. The paper, approximately 50 pages long, normally consists in analysing, commenting, possibly translating, and framing sources, finds, and historical, documentary, critical or historiographical texts according to common standards for that subject area. The paper must be uploaded to a special platform.

The final grade, on a scale of 110, will be awarded following a board discussion. It will take into account the average exam grade, the quality of the paper and the candidate's ability to discuss their work with the examining board, as well as the work's approach, sources and findings. The final exam may award 0 to 6 points. The board may unanimously award honours on a proposal from its chair.

### **Notes**

For-credit assessment

In order to obtain their degree, students must be proficient in English at a B1 or B2 level under the Common European Framework of Reference for Languages (CEFR). This proficiency level may be certified as follows:

- By submitting a language certificate attesting B1, B2, or higher level in English and issued no more than three years before the date of submission. You will find the list of language certificates recognized by the University at: https://www.unimi.it/en/node/297/). The certificate must be uploaded during the enrolment procedure, or subsequently to the portal http://studente.unimi.it/uploadCertificazioniLingue;
- By taking a placement test offered by the University Language Centre (SLAM) between October and December of the first year (or in January for single-cycle programmes). Students who fail the test will be required to take a SLAM course.

The placement test is mandatory for all those who do not hold a valid certificate attesting to B1, B2, or higher level.

Those who have not taken the placement test by the end of December (end of January for single-cycle programmes) or fail the end-of-course exam six times must obtain the necessary certification privately before graduating.

#### Computer skills

Students who are supposed to earn 3 credits (CFU) for basic computer skills, as provided by their degree programme, have to attend the ?Computer Science Course 3CFU?.

It is a blended course with a compulsory final exam.

The first exam session is scheduled for January, and more will follow according to a calendar to be made available on the course delivery platform.

The award of any transfer credits for previously earned IT skills certificates is subject to evaluation. Find out how to apply at: https://www.unimi.it/en/node/16823/ (Alternative activities section).

The ?Computer Science Course 3CFU? course is managed by the CTU - Teaching and Learning Innovation and Multimedia Technology Centre.

### EXPERIENCE OF STUDY ABROAD AS PART OF THE TRAINING PROGRAM

The University of Milan supports international mobility by providing its students with the opportunity to spend study and internship periods abroad. It is a unique chance to enrich your educational path in a new exciting environment.

The agreements entered into by the University with over 300 universities from the 27 EU member countries under the European Erasmus+ programme allow regularly enrolled students to carry out part of their studies at one of the partner universities or to undertake internships at companies, training and research centres and other organizations.

Similar international mobility opportunities are provided outside Europe, through agreements with a number of prestigious institutions.

# Study and internships abroad

This history B.A. has a solid international exchange tradition which began with the founding of the ERASMUS, now ERASMUS Plus programme.

A concise overview of ERASMUS is available on the B.A. programme site, on the student bulletin board.

These reciprocal agreements give students and teachers access to a year abroad, an exchange agreement between University of Milan and the universities of many countries including: Austria, Belgium, Bulgaria, Cyprus, France, Germany, Greece,

Ireland, Lithuania, the Netherlands, Poland, Portugal, the Czech Republic, Romania, Spain, Sweden, Turkey, Hungary.

A list of specific universities encompassed by the agreement for History undergraduates can be consulted in appendix A: https://www.unimi.it/en/international/study-abroad/studying-abroad-erasmus

With Erasmus+ University of Milan also assigns study periods in Switzerland based on bilateral agreements with Swiss universities under the SEMP - Swiss European Mobility Programme.

History students can complete study periods ranging from a minimum of 3 to a maximum of 12 months during the three years of the programme, at one of the university's partner institutions. Average study periods abroad last 5-6 months. Study abroad (course attendance, exams, any thesis research work) is accredited on students' return with a number of study credits which take account of the activities completed abroad and the length of the period of time spent there. The related study programme, called a Learning Agreement, is agreed on departure on the basis of courses, exams and activities at the partner university decided by students in accordance with their Italian study plans. Careful choice by the teaching staff responsible in identifying a wide ranging and specific correspondence between the University of Milan's educational programme and that of its partner universities enables students to take full advantage of their studies abroad and acquire the credits they need to complete their Italian studies. The study sectors which can be developed are essentially historical but credits in other humanities disciplines can also potentially be acquired.

This B.A. has a permanent internationalisation via ERASMUS co-ordinator (Prof. Michela Minesso). Every year, specific meetings for B.A. history students leaving for periods abroad are organised to supply them with the information they need on the various institutions available and useful contact numbers. The History Department also has international research and teaching partnerships with institutions such as Lomonosov University in Moscow. In such cases specific study plans are agreed with the co-ordinator and the work done is recognised in accordance with the criteria listed above.

The History Department is also active in ERASMUS Plus-Placement which now provides for international exchange for new graduates (within 12 months of graduation), too, and information on the programmes which can be applied for is available on the website. The department works to identify international partners (archives, libraries, publishing houses, cultural institutions and universities) for internships designed to provide professional training.

#### How to participate in Erasmus mobility programs

How to participate in Erasmus+ mobility programmes

The students of the University of Milan can participate in mobility programmes, through a public selection procedure.

Ad hoc commissions will evaluate:

- Academic career
- the candidate's proposed study programme abroad
- his/her foreign language proficiency
- the reasons behind his/her application

### Call for applications and informative meetings

The public selection for Erasmus+ mobility for study generally begins around February each year with the publication of a call for applications specifying destinations and requirements. Regarding the Erasmus+ Mobility for Traineeship, the University of Milan usually publishes two calls a year enabling students to choose a destination defined by an interinstitutional agreement or to find a traineeship position on their own.

The University organizes informative meetings to illustrate mobility opportunities and rules for participation.

### Erasmus+ scholarship

The European Union grants the winners of the Erasmus+ programme selection a scholarship to contribute to their mobility costs, which may be supplemented by the University funding for disadvantaged students.

## Language courses

Students who pass the selections for mobility programmes can benefit from intensive foreign language courses offered each year by the University Language Centre (SLAM).
