

UNIVERSITA' DEGLI STUDI DI MILANO
PROGRAMME DESCRIPTION - ACADEMIC YEAR 2017/18
BACHELOR

Human Science of Environment, Landscape and Territory (Classe L-6)
enrolled from

HEADING

Degree classification - Denomination and code:	L-6 Geography
Degree title:	Dottore
Length of course:	3 years
Total number of credits required to complete programme:	180
Years of course currently available:	2nd , 3rd
Access procedures:	Open
Course code:	C36

PERSONS/ROLES

Head of Study Programme

Prof. Flavio Lucchesi

Tutors - Faculty

Maristella Bergaglio, Luca Bonardi, Alice Dal Borgo, Antonio Violante

Tutors - Students

Andrea Marini, Giuseppe Gambazza

EXPERIENCE OF STUDY ABROAD AS PART OF THE TRAINING PROGRAM

The University of Milan supports the international mobility of its students, offering them the opportunity to spend periods of study and training abroad, a unique opportunity to enrich their curriculum in an international context.

Study and internships abroad

The course of study offers the opportunity to perform some activities abroad, to lead academic achievement through Erasmus + Program. Several agreements have been put into effect with French and German academic institutions. Students can apply for the Degree courses, which provide many classes on Geography and other related areas.

Students will have the opportunity to investigate some issues related to urban geography and population geography, territorial and environmental sciences gaining skills about knowledge and valorization of the elements of landscape through thematic seminars and workshops.

Credits obtained abroad will be recognized according to Academic Senate guidelines.

How to participate in Erasmus mobility programs

To gain access to mobility programs for study purposes, lasting 3-12 months, the enrolled students of the University of Milan must attend a public selection that starts usually around the month of February each year through the presentation of specific competition announcements, which contain information on available destinations, respective duration of the mobility, requirements and deadlines for submitting the online application.

The selection, aimed at evaluating the proposed study abroad program of the candidate, knowledge of a foreign language, especially when this is a preferential requirement, and the motivations behind the request, is performed by specially constituted commissions.

Each year, before the expiry of the competition announcements, the University organises information sessions for the

specific study course or groups of study courses, in order to illustrate to students the opportunities and participation rules.

To finance stays abroad under the Erasmus + program, the European Union assigns to the selected students a scholarship that - while not covering the full cost of living abroad - is a useful contribution for additional costs as travel costs or greater cost of living in the country of destination.

The monthly amount of the communitarian scholarship is established annually at national level; additional contributions may be provided to students with disabilities.

In order to enable students in economic disadvantaged conditions to participate in Erasmus+ program, the University of Milan assigns further additional contributions; amount of this contributions and criteria for assigning them are established from year to year.

The University of Milan promotes the linguistic preparation of students selected for mobility programs, organising every year intensive courses in the following languages: English, French, German and Spanish.

The University in order to facilitate the organisation of the stay abroad and to guide students in choosing their destination offers a specific support service.
