EXPERIENCE OF STUDY ABROAD AS PART OF THE TRAINING PROGRAM

The University of Milan supports international mobility by providing its students with the opportunity to spend study and internship periods abroad. It is a unique chance to enrich your educational path in a new exciting environment.

The agreements entered into by the University with over 300 universities from the 27 EU member countries and other Extra-EU countries under the European Erasmus+ programme allow regularly enrolled students to carry out part of their studies at one of the partner universities or to undertake internships at companies, training and research centres and other organizations.

Similar international mobility opportunities are provided outside Europe, through agreements with a number of prestigious institutions.

Study and internships abroad

The Department supports students' international mobility, through:

- Erasmus+ 'call for study': thanks to agreements signed by the Department with some UE Universities (Croatia, Estonia, France, Germany, Greece, Poland, Czech republic, Spain, Hungary, to which Swiss confederation and United Kingdom must be added), students can apply for about 40 fellowships. Funding allows students for study-abroad experiences (courses and exams) that will be recognized by Unimi, if they comply with the 'learning agreement' that must be signed before departure and approved by the Department's Erasmus committee.

- Erasmus+ 'Traineeship': funding allows students to do traineeships based at UE academic or research institutions (Swiss confederation included). Applicants to the Summer call should identify a host institution autonomously, whereas the Fall call offers traineeships based on the agreements signed by Unimi, among which some are offered by the Department.

- 'Thesis abroad' programme: funding allows students of Master degree to can carry out their thesis work at academic and research institutions abroad, with no geographical restriction.

How to participate in Erasmus mobility programs

The students of the University of Milan can participate in mobility programmes, through a public selection procedure.

- Ad hoc commissions will evaluate:
- Academic career
- the candidate's proposed study programme abroad
- his/her foreign language proficiency
- the reasons behind his/her application

Call for applications and informative meetings

The public selection for Erasmus+ mobility for study generally begins around February each year with the publication of a call for applications specifying destinations and requirements. Regarding the Erasmus+ Mobility for Traineeship, the University of Milan usually publishes two calls a year enabling students to choose a destination defined by an inter-institutional agreement or to find a traineeship position on their own.

The University organizes informative meetings to illustrate mobility opportunities and rules for participation.

Erasmus+ scholarship

The European Union grants the winners of the Erasmus+ programme selection a scholarship to contribute to their mobility costs, which may be supplemented by the University funding for disadvantaged students.

Language courses

Students who pass the selections for mobility programmes can benefit from intensive foreign language courses offered each year by the University Language Centre (SLAM). https://www.unimi.it/en/node/8/
