

UNIVERSITA' DEGLI STUDI DI MILANO
PROGRAMME DESCRIPTION - ACADEMIC YEAR 2020/21
SINGLE-CYCLE DEGREE
Dental Medicine (Classe LM-46)
Enrolled since 2020/21 Academic Year

HEADING

Degree classification - Denomination and code:	LM-46 Dentistry and orthodontics
Degree title:	Dottore Magistrale
Length of course:	6 years
Total number of credits required to complete programme:	360
Years of course currently available:	1st
Access procedures:	Cap on student, student selection based on entrance test
Course code:	D54

PERSONS/ROLES

Head of Study Programme

Prof. Eugenio Romeo

Tutors - Faculty

Per l'orientamento:

prof. Andrea Sardella

dott.ssa Barbara Manfredi

per la mobilità internazionale e l'Erasmus:

prof. Giulio Rasperini

per i Piani di Studio:

dott.ssa Barbara Manfredi

per i trasferimenti:

dott.ssa Barbara Manfredi

per le tesi di laurea:

prof. Giovanni Lodi

prof.ssa Claudia Dellavia

dott. Dino Re

per laboratori e altre attività:

dott. Dino Re (polo Centrale)

prof. Eugenio Brambilla (polo San Paolo)

per riconoscimento crediti:

dott.ssa Barbara Manfredi

per tirocini professionalizzanti:

prof. Giampietro Farronato (polo Centrale)

prof. Antonio Carrassi (polo San Paolo)

prof. Luca Francetti (polo San Paolo - Galeazzi)

EXPERIENCE OF STUDY ABROAD AS PART OF THE TRAINING PROGRAM

The University of Milan supports international mobility by providing its students with the opportunity to spend study and

internship periods abroad. It is a unique chance to enrich your educational path in a new exciting environment

The agreements entered into by the University with over 300 universities from 30 different countries under the European Erasmus+ programme allow regularly enrolled students to carry out part of their studies at one of the partner universities or to undertake internships at companies, training and research centres and other organizations.

Similar international mobility opportunities are provided outside Europe, through agreements with a number of prestigious institutions.

Study and internships abroad

Students who take advantage of study-abroad opportunities in the European Union (through the Erasmus programme) can attend classes on an international campus for one quarter during Year V or Year VI.

In accordance with applicable procedures, students who wish to study abroad must submit an application setting forth their intended course of work and study during their time at the international university (known as a "learning contract") to the Socrates Committee for the Master's Degree Programme. Applications will be reviewed in accordance with Socrates agreement procedures and criteria.

Educational activities abroad within the framework of a European Union exchange programme are assessed by the Socrates Committee and reported to the Council for Transfer Credit and then applied to the Master's Degree Programme.

During their study-abroad period, students are exempt from attendance requirements for the Master's Degree Programme in Milan.

How to participate in Erasmus mobility programs

The students of the University of Milan can participate in mobility programmes, which last 3 to 12 months, through a public selection procedure.

Ad hoc commissions will evaluate:

- the candidate's proposed study programme abroad;
- his/her foreign language proficiency;
- the reasons behind his/her application.

Call for applications and informative meetings:

The public selection generally begins around February each year with the publication of a call for applications specifying the destinations, with the respective programme duration, requirements and online application deadline.

Every year, before the deadline for the call, the University organizes informative meetings to illustrate opportunities and rules for participation to students.

Erasmus+ scholarship:

The European Union grants the winners of the Erasmus+ programme selection a scholarship to contribute to their mobility costs, which is supplemented by the University funding for disadvantaged students.

Language courses:

Students who pass the selections for mobility programmes can benefit from intensive foreign language courses offered each year by the University.
