

# UNIVERSITA' DEGLI STUDI DI MILANO PROGRAMME DESCRIPTION - ACADEMIC YEAR 2022/23 BACHELOR

## Cardiocirculatory and Cardiovascular Perfusion Techniques (Classe L/SNT3)

### **Enrolled since 2011/12 Academic Year**

HEADING	
Degree classification - Denomination	L/SNT3 Health professions for technical assistance
and code:	
Degree title:	Dottore
Length of course:	3 years
Total number of credits required to	180
complete programme:	
Years of course currently available:	1st, 2nd, 3rd
Access procedures:	Cap on student, student selection based on entrance test
Course code:	D78

#### PERSONS/ROLES

#### **Head of Interdepartmental Study Programme**

Prof. Marco Agrifoglio

#### **Tutors - Faculty**

Per l'orientamento: dott.ssa Fabiana Rossi

per i piani di studio: prof. Marco Agrifoglio dott.ssa Fabiana Rossi

per stage e tirocini: dott.ssa Fabiana Rossi

per laboratori e altre attività: dott.ssa Fabiana Rossi

tesi di laurea: prof. Marco Agrifoglio dott.ssa Fabiana Rossi

per trasferimenti: prof. Marco Agrifoglio dott.ssa Fabiana Rossi

per ammissioni lauree magistrali: dott.ssa Fabiana Rossi

per riconoscimento crediti: prof. Marco Agrifoglio dott.ssa Fabiana Rossi

#### EXPERIENCE OF STUDY ABROAD AS PART OF THE TRAINING PROGRAM

The University of Milan supports international mobility by providing its students with the opportunity to spend study and internship periods abroad. It is a unique chance to enrich your educational path in a new exciting environment.

The agreements entered into by the University with over 300 universities from the 27 EU member countries and other Extra-EU countries under the European Erasmus+ programme allow regularly enrolled students to carry out part of their studies at one of the partner universities or to undertake internships at companies, training and research centres and other organizations.

Similar international mobility opportunities are provided outside Europe, through agreements with a number of prestigious institutions.

#### How to participate in Erasmus mobility programs

The students of the University of Milan can participate in mobility programmes, through a public selection procedure. Ad hoc commissions will evaluate:

- Academic career
- the candidate's proposed study programme abroad
- his/her foreign language proficiency
- the reasons behind his/her application

#### Call for applications and informative meetings

The public selection for Erasmus+ mobility for study generally begins around February each year with the publication of a call for applications specifying destinations and requirements. Regarding the Erasmus+ Mobility for Traineeship, the University of Milan usually publishes two calls a year enabling students to choose a destination defined by an interinstitutional agreement or to find a traineeship position on their own.

The University organizes informative meetings to illustrate mobility opportunities and rules for participation.

#### Erasmus+ scholarship

The European Union grants the winners of the Erasmus+ programme selection a scholarship to contribute to their mobility costs, which may be supplemented by the University funding for disadvantaged students.

#### Language courses

Students who pass the selections for mobility programmes can benefit from intensive foreign language courses offered each year by the University.
