### **MASTER PROGRAMMES ADMISSION**

#### **Admittance from three-year degree courses at the University of Milan**

- D33-Audiometric methods
- D34-Biomedical laboratory methods
- D35-Methods of medical radiology, for imaging and radiotherapy
- D36-Methods of neurophysiopathology
- D73-Audiometric Techniques (Classe L/SNT3)
- D74-Biomedical Laboratory Techniques (Classe L/SNT3)
- D75-Imaging and Radiotherapy Techniques (Classe L/SNT3)
- D76-Neurophysiopathology Techniques (Classe L/SNT3)

#### **Admittance from other degree courses**

Per l'ammissione è richiesto il possesso di laurea conseguita nella classe L/SNT3, o nella corrispondente classe di cui al D.M. 509/99, o di diploma universitario abilitante alla professione o di altro titolo equipollente (ai sensi della legge n. 42/1999), nonché coloro che sono in possesso di titolo di studio conseguito all'estero, riconosciuto idoneo.

### **EXPERIENCE OF STUDY ABROAD AS PART OF THE TRAINING PROGRAM**

Contacts and exchanges with foreign educational and health institutions are presently under development, with the aim to provide students with a reasonably broad range of international mobility programs. Based on the peculiarities of the training curriculum and the specific needs of the students, who predominantly work as health professionals in public and private institutions, the mobility programs will include training activities within the organizational and research domains.

#### **Study and internships abroad**

Contacts and exchanges with foreign educational and health institutions are presently under development, with the aim to provide students with a reasonably broad range of international mobility programs. Based on the peculiarities of the training curriculum and the specific needs of the students, who predominantly work as health professionals in public and private institutions, the mobility programs will include training activities within the organizational and research domains.

## How to participate in Erasmus mobility programs

To gain access to mobility programs for study purposes, lasting 3-12 months, the enrolled students of the University of Milan must attend a public selection that starts usually around the month of February each year through the presentation of specific competition announcements, which contain information on available destinations, respective duration of the mobility, requirements and deadlines for submitting the online application. The selection, aimed at evaluating the proposed study abroad program of the candidate, knowledge of a foreign language, especially when this is a preferential requirement, and the motivations behind the request, is performed by specially constituted commissions. Each year, before the expiry of the competition announcements, the University organises information sessions for the specific study course or groups of study courses, in order to illustrate to students the opportunities and participation rules. To finance stays abroad under the Erasmus + program, the European Union assigns to the selected students a scholarship that - while not covering the full cost of living abroad - is a useful contribution for additional costs as travel costs or greater cost of living in the country of destination. The monthly amount of the communitarian scholarship is established annually at national level; additional contributions may be provided to students with disabilities.

In order to enable students in economic disadvantaged conditions to participate in Erasmus+ program, the University of Milan assigns further additional contributions; amount of this contributions and criteria for assigning them are established from year to year. The University of Milan promotes the linguistic preparation of students selected for mobility programs, organising every year intensive courses in the following languages: English, French, German and Spanish.

The University in order to facilitate the organisation of the stay abroad and to guide students in choosing their destination offers a specific support service.

More information in Italian are available on [www.unimi.it](http://www.unimi.it) > Studenti > Studiare all'estero > Erasmus+
