

UNIVERSITA' DEGLI STUDI DI MILANO
PROGRAMME DESCRIPTION - ACADEMIC YEAR 2017/18
MASTER DEGREE
Crops and Plant Sciences (ClasseE LM-69)
Enrolled from 2014/15 academic year

HEADING

Degree classification - Denomination and code:	LM-69 Agriculture
Degree title:	Dottore Magistrale
Length of course:	2 years
Credits required for admission:	180
Total number of credits required to complete programme:	120
Years of course currently available:	1st , 2nd
Access procedures:	Open, subject to completion of self-assessment test prior to enrolment
Course code:	G59

PERSONS/ROLES

Head of Degree Course Coordination Council / Board

Antonio Ferrante

EXPERIENCE OF STUDY ABROAD AS PART OF THE TRAINING PROGRAM

The University of Milan supports the international mobility of its students, offering them the opportunity to spend periods of study and training abroad, a unique opportunity to enrich their curriculum in an international context.

Study and internships abroad

The Course of study in Plant Production and Defense gives many opportunities for stages abroad mainly through the Erasmus+ programme. About 30 foreign Universities of the EU are involved in this students exchange. Globally every year about 10 students of this course of study make a stage in these universities. The areas of study which can be followed by the students abroad are almost all those included in this course of study. In general, students who make a stage abroad attend local courses or participate in research for the preparation of their thesis.

The examination scores and the related UFC obtained in the partner universities are almost entirely acknowledged by our university for the curriculum studies.

Other possibilities exist in terms of cultural exchange with non EU universities (in China, Japan, Latin America) not involved in the Erasmus programme.

How to participate in Erasmus mobility programs

To gain access to mobility programs for study purposes, lasting 3-12 months, the enrolled students of the University of Milan must attend a public selection that starts usually around the month of February each year through the presentation of specific competition announcements, which contain information on available destinations, respective duration of the mobility, requirements and deadlines for submitting the online application.

The selection, aimed at evaluating the proposed study abroad program of the candidate, knowledge of a foreign language, especially when this is a preferential requirement, and the motivations behind the request, is performed by specially constituted commissions.

Each year, before the expiry of the competition announcements, the University organises information sessions for the specific study course or groups of study courses, in order to illustrate to students the opportunities and participation rules.

To finance stays abroad under the Erasmus + program, the European Union assigns to the selected students a scholarship that - while not covering the full cost of living abroad - is a useful contribution for additional costs as travel costs or greater cost of living in the country of destination.

The monthly amount of the communitarian scholarship is established annually at national level; additional contributions may be provided to students with disabilities.

In order to enable students in economic disadvantaged conditions to participate in Erasmus+ program, the University of Milan assigns further additional contributions; amount of this contributions and criteria for assigning them are established from year to year.

The University of Milan promotes the linguistic preparation of students selected for mobility programs, organising every year intensive courses in the following languages: English, French, German and Spanish.

The University in order to facilitate the organisation of the stay abroad and to guide students in choosing their destination offers a specific support service.

More information in Italian are available on www.unimi.it > Studenti > Studiare all'estero > Erasmus+

1st COURSE YEAR Core/compulsory courses/activities common				
Distribution	Learning activity	Teaching units/modules	Ects	Sector
1 semestre	Biotechnologie microbiche vegetali		6	AGR/16
1 semestre	Metodologia sperimentale agronomica		6	AGR/02
1 semestre	Virologia e biotechnologie fitopatologiche		6	AGR/12
2 semestre	Meccanismi fisiologici della produttività delle piante		6	AGR/13
2 semestre	Fitoiatria		6	AGR/12
2 semestre	Sistemi orticoli e floricoli		6	AGR/04
		Total compulsory credits	36	
2nd COURSE YEAR Core/compulsory courses/activities common				
Distribution	Learning activity	Teaching units/modules	Ects	Sector
1 semestre	Miglioramento genetico vegetale		6	AGR/07
1 semestre	Sistemi culturali arborei		6	AGR/03
2 semestre	Entomologia applicata		6	AGR/11
2 semestre	Sistemi culturali erbacei		6	AGR/02
		Total compulsory credits	24	
COURSE YEAR UNDEFINED Core/compulsory courses/activities common				
Distribution	Learning activity	Teaching units/modules	Ects	Sector
	Prova finale		45	
		Total compulsory credits	45	
Other learning activities chosen by the student				
	Ulteriori competenze linguistiche, informatiche e telematiche		3	
1 semestre	Applied agricultural English		3	BIO/03
1 semestre	Metodi e tecniche di comunicazione		3	AGR/19
2 semestre	Pari opportunità e carriere scientifiche (G)		3	SPS/09
2 semestre	Applicazioni software per la statistica		3	AGR/19
