MACHINE LEARNING IN INDUSTRY

TRAINING WEEK

**Full day sessions, blending lectures
and hands-on workshops**

Join leading experts from Cardo AI for an intensive course on some of the main machine learning use cases in the Financial Services Industry, with an emphasis on Credit Markets and Structured Finance.

The students will be taken through the full machine learning life cycle, from data acquisition, collection and analysis to model development, deployment and monitoring.

Supported by: Cardo AI & MSCA Digital Project

16-20 MARZO 2026
VIA CONSERVATORIO 7
MILAN, ITALY, M1 - M4 S.BABILA
